

UFO **Sighting Paradigm**

Note Well: Each of the 3 Classification may or may not include Physiological and/or Psychological evidence.

Crashes

- 1.)Crashed UFO on land. *Are there UFO sea crashes? Are there UFO crashes in space?*
- 2.)Crashed Probes on land. *Are there probes crashes at sea? Are there probe crashes in space?*
- 3.)UFO Crashed With Airplanes in the Air. *UFO crashed with airplanes at sea? UFO crashed with NASA in space?*

Abandon ET Technology

Note Well: Each of the 3 Classification may or may not include Physiological and/or Psychological evidence.

- 1.)Abandon UFO Technology on Land. *Abandon UFO Technology At Sea? Abandon UFO Technology In Space? As best I can tell
these seem to be gifts from the ETs meant to speed up Human evolution. This can be ships or devices*
- 2.)Abandon Probe Technology on Land. *Abandon Probe Technology at Sea. Abandon Probe Technology in Space? As best as I can tell
these leave trace effects on soils and plants when the ETs explode their probes. There may be solid physical spheres or devices abandoned by the ETs.*
 - a.)Trace evidence: angel hair, lead balls, solid metal of composite ingredients, bits of glass with composite ingredients,
hot spots on the ground that have strange effects on humans, animals and radio sets, magnetic anomalies, bits of UFO
crafts that don't reflect radar waves, bits of UFO crafts that disappear after being heated, bits of UFO crafts that create
new elements when cooled after being heated, Bits of UFOs iron with different distance between it atoms, bits of UFO
glass like substance with gold, silver, nickel, alpha-titanium, molybdenum, and beryllium compounds in it. Lead and
iron balls with mesh threads 17 microns wide. These in turn are composed of thinner strands twisted into braids.
extremely thin gold wires intertwined into very fine threads.

- 3.)UFO Retrievals by ETs on Land. *UFO Retrievals by ETs at Sea? UFO Retrievals by ETs in Space? NASA and other nations and their
military seek these retrievals for weapons and commercial purposes. Sometimes the ETs let humans have their ships for a short period to study
then come back and retrieve them. There a number of ET technology assists programs with earth scientists around the world. The ETs involved may
appear as normal physical human scientists. Or, they may use telepathic communication. Sometimes they use simple "hunches" to guide the humans
students.*

ET Display Events

Remote areas on earth observe UFO's more frequently than over populated areas.

Note Well: Each of the 10 Classification may or may not include Physiological and/or Psychological evidence.

- 1.)UFO sightings: Single or Massive:

a.)On land. At sea. In the air. In space. *UFO's move perpendicularly. UFO's move around, above and under spacecraft or ship. UFO Dive into water, volcanoes. Or solid rock.*

b.)Strange Shaped UFO.

c.)UFO Events that Mimic: Animals like squirrels, cows and pigs. Phantom boats. Fake Airplanes, Cars, Villages and Buildings. Light-poles. Police, Fire or Military transportation. Beings of Light. Orbs. Mothmen. Fly Humanoids. Cryptozoology beings. Angels On land, at sea and air. In space. Strange Unknown creatures. Structure of human civilization such as cities, villages or stop lights, and mailboxes.

2.)Probes sighting-Single or Massive: On land. At sea. In the air. In space.

3.)ET message events: On land. At sea. In the air. In space.

a.)Schoolyard during recess or lunch time. Information given to children. Metallic or solid craft at low level. 100 feet to 1000 feet flybys. Some craft land. Length of sightings minutes, hours, a series of days. Most of the witnesses are children. Some Teachers. Other are adults from the neighborhood surrounding the schools.

b.)Telepathic or solid physical exchange of information. Type of media used: notes, letters, radio, tv, one on ones. symbols in crop fields or other land markings or anomalies. visions. hunches.

4.)Explosions:

a.)Beg for Attention.

b.)Discarded worn out ET Technology. Spheres or orbs left in solid physical states and may or may not give off electromagnetic energy. Spheres or orbs left in an etheric state of matter and may or may not give off electromagnetic energy.

c.)Meteorite disposal

d.)On the Land. at Sea. In the air. In Space? Strange Sound recorded by NASA and others.

e.)Strange Sounds at sea surface and underwater. Also during Flights or Space travel.

5.)Colored clouds or strange colored luminescence mists. These can be on the ground or at sea surface. Also luminescence crafts submerged underwater that ascend and descend into the sky or dive into the water near Navy boats and planes.

6.)Sightings visible to the eye but invisible to radar. These can be with or without electromagnetic interference. With or without effects on plants, soils and animal wildlife.

7.) Sightings invisible to radar but visible to the human eye. These can be with or without electromagnetic interference.

With or without effects on plants, soils and animal wildlife.

8.) Sightings that cause physical effects such as: dizziness, nauseated or disorientation. Weakness.

Headaches. Mind fog. Black outs. These can be long or short term symptoms

9.) Sightings that leave strange markings on the body that go away very quickly or are long lasting.

(Not to be confused with one on one ET medical procedures with long & short term contactees.)

10.) Sighting that result in Radiation burns or strange medical conditions *(Both long and short term)* from UFO propulsion systems.

Shot Fired

Note Well: Each of the 2 Classification may or may not include Physiological and/or Psychological evidence.

1.) Shots fired by humans at ETs which result in injury or death of ETs. These may or may not involve

Military and government employees and equipment disappearances.

2.) Shots fired by ETs that result in injury, death or destruction of equipment and humans. These are

mostly "stand down" warnings to military staff.

ET Interventions

Note Well: Each of the 3 Classification may or may not include Physiological and/or Psychological evidence.

1.) In Human Wars:

a.) ETs have saved Human lives according to Divine Will.

b.) ETs have taken Human lives according to Divine Law.

2.) ETs have prevented natural disasters: Flooding. Earthquakes. Volcanic eruptions. Meltdowns.

3.) ETs give technological assist to humans.

Human Contactee Types.

Note Well: Each of the 2 Classification may or may not include Physiological and/or Psychological evidence.

1.) **Interface:**

a.)ET soul reincarnates into solid physical body.

b.)5th Degree Master creates Light Body for reincarnation.

c.)1st to 4th degree disciple of a master reincarnates into a solid physical body. Tends to be Trance mediums, powerful physics, holy men, shamans, mystics, witches, wizards. scientists.

d.)at least a first degree initiate.

2.)**Experiencer:**

a.)Human soul with past life contact with other ET races from other worlds.

b.)1st time soul to receive occult training during it's life mission. *(may include just one or very many UFO events in their life time.)*

ET Communication Events

Note Well: Each of the 2 Classification may or may not include Physiological and/or Psychological evidence.

1.)Public: Crop Circles. Sign & Symbols. Landings. Books. Photos. Movies.

Display Events that can

have meanings attach to them due to perplexity. By way Epiphanies. By way of hunches. By way of serendipity, chance, luck, circumstance, vision or dreams. Flashes of Intuition.

2.)ET Private one on one Communication with Military, Politicians, Scientists and Contactee or

Interfacer. The meetings can take place anywhere, anyplace and anytime.

The ET may appear in a

solid physical body, or astral/etheric light body. They may appear as a glowing orb, bipedal, or a shadow figure or ghost like being/mist.

a.)Schoolyard encounters. Mostly occur during the day. Metallic or solid craft at low levels flyby or land.

b.)Average encounter has 5 to 2000 witnesses.

c.)Schoolyard encounter last minutes, hours or a series of days.

d.)Normal UFO landings rare (vs) Schoolyard landings numerous.

e.)Most witnesses are children.

ET Observations of Tests

Note Well: Each of the 2 Classification may or may not include Physiological and/or Psychological evidence.

- 1.)Human Weapons Testing Systems: ETs may use UFOs or Probes.
- 2.)Space Programs: ETs may use UFOs or Probes for observation. ET may use Solid or Etheric bodies
to board human space crafts for observation.

ET Landings

Note Well: Each of the 2 Classification may or may not include Physiological and/or Psychological evidence.

- 1.)Mass display at:
 - a.)Military bases.
 - b.)Airports.
 - c.)Cities, towns & villages.
- 2.)ET “one on ones meetings” with major contactee or human leaders.
 - a.)ET One time Landing events at school yards or small villages.

ET Breeding Programs.

Note Well: Each of the 2 Classification may or may not include Physiological and/or Psychological evidence.

- 1.)ETs Impregnate Human Females: Male Breeding Cycle. The Rise of Heroes or Demigods During
the 5th Aryan Root Race of Man of Globe D. *(See the 7 rounds of Globe D by H.P.B) (Also see the gods and heroes of Asia, Nordic, South America, Greece and Roman legends) These as best as I can tell rotate from male to female cycles every 2500 years.*
- 2.)Human Males Impregnate ET Females: Female Cycles. The Rise of a New Branch of The 6th sub
race Humans during the 5th Aryan Root Race of Man of Globe D. *(The transition from solid physical bodies to etheric human body types. Human ET Hybrid Children)*

ET Detoxification Operations

Note Well: The Classification may or may not include Physiological and/or Psychological evidence.

- 1.)UFOs and Probes Detox Air, Earth, Water and Space all over.
 - a.)24/7 never ending operations.

- b.) Sometimes Detox Ops marry to UFO display events.
- c.) Sometimes marry to ET Observations of human Weapons Test.
- d.) Sometime marry to ET survey operations.
- e.) Major Detox and clean up around Nuke, Oil and Chemical industrial sites.
- f.) Sometime marry to war zone relief and deterrence operations.
- g.) Sometime multi-Detoxification Operations in conjunction with other tasks

Survey Operations

- 1.) Psychological assessments of populations:
 - a.) Individuals.
 - b.) Groups.
 - c.) Governments & Military.
 - d.) Air, Land & Water assessments.
 - e.) Geological. Volcanoes, Thermal Springs, Magnetic Anomaly, Fault Lines, Toxic Sites.

UFO Most Often Observed

Note Well: Each of the 5 Classification may or may not include Physiological and/or Psychological evidence.

- 1.) Over Military Installations.
- 2.) Areas Of Ecological Disasters, Clean up Military & Industrial Contamination.
- 3.) Fault Lines
- 4.) Over Battlefields Locations.
- 5.) Human Space Programs.
